NEW RATES & RATE REDUCTIONS

The new accommodation rates (+2.5%) from the Ministry are included with this newsletter. Please make yourself aware of the changes, as they will directly affect your monthly charges, as of July 1st, 2023.

Further, with the release of the new rates, so begins the start of the rate reduction processing window. If you are currently benefiting from a rate reduction, or think you are entitled to one, please acquire the appropriate documentation from our offices to complete an application.

All applications must be received by the Manor, before August 31st, 2023, to avoid penalties. Should you miss this deadline, accommodation charge increases will be incurred for those already on rate reductions.

WEBSITE RECONSTRUCTION

Our new website was live as of June 2nd, 2023. You will notice a new fresh look, along with many new pages and functions.

Please be advised that there is a section to book tours/meals online, but that this tool will not be available at launch. We are training staff on its proper use, and it should be live by month-end.

SHERWOOD PARK REDEVELOPMENT

Currently our architects are meeting with engineers, design consultants, and our staff to complete the working drawings for the Ministry Long Term Care by June 12th. We have also received prequalification documents which are being reviewed to select a list of contractors that we will go out to tender later in June. The goal is

to receive approval by August from the Ministry to have the shovel in the ground by August 31, 2023.

On the Fundraising front good news was received from the City of Brockville as they have pledged \$500,000 over five years towards the project. We have also met with Elizabethtown – Kitley council and they will get back to us soon.

FULFORD OUTING

Our Life Enrichment department made a great trip to the Fulford House with a large group of the residents. Everyone was able to enjoy an outing of beautiful weather, great sites, and even better company.
