Rate Reductions and New Ministry Rates

It is now a month before we will see the enactment of new rates from the Ministry of Long-Term Care. On July 1st, 2024, accommodation prices will increase marginally for all residents. The new rates were sent out last month with the newsletter, have been posted on the website, are available via the Ontario Government's website, and have been posted within the Manor on the information boards.

This also signals the annual renewal process for all residents who are currently on a rate reduction. If you or your loved one is on a rate reduction or you believe you may qualify, please contact, or visit the front office for more information. It is **required** that residents intending to continue their rate reduction relief submit a new application annually by July 1st.

In order to process renewals and applications appropriately, a 2023 Notice of Assessment from the CRA will be required. If your loved one's income has increased sharply for 2023, consider also bringing the T1 summary. If you need assistance completing your taxes, please contact Chris LeClair @ extension 126, and he can direct you to the nearest community support.

Note: *A resident does not qualify for a rate reduction unless they are admitted into basic accommodation. (ie. Semi-Private, or Private are excluded)*

The Chicken Dinner, Snoezelen Fundraiser

The next Chicken Dinner fundraising event will take place on **July 18th**. Tickets will be available for purchase starting **June 17th**.

As before, only 250 dinners will be provided for purchase, so please be vigilant about getting your tickets secured; we will sell out fast!

Redevelopment Update

The project is formally behind schedule, as of date. Last projections put the project completion in November of 2025.

Currently, the ground floor is being poured and the structural steel beams are being erected for the first and second floors. A discernable building shell will start taking form soon!
