MEAL BOOKINGS

There have been some complications regarding sharing meals with loved ones.

For clarification, all meals intended to be shared with loved ones must be planned with the Manor. This includes whether you would like to bring your meal or eat the food provided by Manor staff.

Please call and arrange your meal times 24 hours in advance of each instance. Meals that have not been arranged may be denied.

RATE REDUCTIONS

Rate Reduction Renewals are now late. All residents who have failed to provide updated Rate Reduction Applications for the 2025-2026 fiscal year, and have previously benefited from a reduction, will now be returned to market rates. Any applications received after August 29, 2025, will incur penalties.

If you need assistance with your application, please see the front desk during business hours.

SHERWOOD'S ANNUAL GOLF TOURNAMENT

We want to thank everyone who has supported our Annual Golf Tournament this year! We are officially sold out of golfing registration, but we have some dinner tickets available through the online portal.

A big thank you to all our sponsors who make the event possible, and to all the generous donors who contributed to our auction.

See you on the Green!

REDEVELOPMENT UPDATE

The project is pacing along towards completion in early 2026.

In the coming months, onlookers will be able to see the exterior of the building completed, as siding installation is underway.

Additionally, interior work is ongoing. Drywall is being installed, and electrical, plumbing, and HVAC are hard at work.

As we continue with construction, we would like to extend our gratitude to everyone who has generously contributed to the project. Thank you!
